## Support Credit Unions Affected by Maria, Irma, Harvey & California Wildfires

Photo courtesy of Brian Gately

Our hearts and minds are with all of our friends and colleagues affected by the damage of Hurricanes Maria and Irma and Tropical Storm Harvey, as well as the wildfires in California. Puerto Rico credit unions and cooperativas have been hit particularly hard by Hurricane Maria and its aftermath. Most still do not have power or electricity and are operating on generators at limited capacity. They need our help.

We encourage you to make a contribution. You can donate to the **National Credit Union Foundation's Disaster Relief Fund** to support those affected by all disasters at [CUAid.coop](http://CUAid.coop) or you can make a **targeted donation to support relief efforts in Puerto Rico specifically by contacting Ron McLean at the New York Credit Union Association at [Ronald.McLean@nycua.org](mailto:Ronald.McLean@nycua.org)**.
